## NORMAN POWELL, 26, KILLS HIMSELF WHEN HE CAN'T FIND WORK AT HIS BIG FACTORIES

Walks Into Woman's Room,  
Takes Revolver From Bureau  
and Puts Bullet Through His  
Head

MRS. BROOKS SEES HIM  
FALL DYING AT HER FEET

Young Man From Gordon De-  
pendent Because No Place  
Was Open to Him—Leaves No  
Message

Norman Powell, twenty-six years of age, formerly of Gordon, Ga., walked into the room of Mrs. Charles Brooks, 21 West Harris street, where he boarded, about 11 o'clock Friday, and picking up a revolver from the bureau, blew a bullet into his head, according to the report given by Mrs. Brooks to the police.

Powell, who had been out of work for about six weeks, was treated as a member of the family by Mrs. William Brooks, who operates a boarding house, and by her daughter, Mrs. Brooks. He did not leave his room until about 11 o'clock Friday, and then, wearing his bath robe, he walked into the room where Mrs. Brooks was and stepped directly to the bureau.

"What are you looking for, Norman?" Mrs. Brooks says she asked the young man.

"Nothing—I am just nervous," he was replied, and also turned to speak something before he left. Then a shot rang out and Powell fell to the floor.

Mrs. Brooks declares that she screamed and almost immediately her mother ran in and lifted Powell from the floor to the bed, where he died almost instantly. The bullet had entered near the base of his brain. The revolver, a .22-caliber, was the property of Mrs. Brooks' husband.

Powell came to Atlanta about six months ago, according to reports, and obtained work as cashier in the grill room at the Piedmont hotel. He was discharged, it is said, and about that time has been unable to find employment.

According to Mrs. Fells and Mrs. Brooks, he was very nervous, and the result of his financial embarrassment. Powell's mother, who is the proprietor of the Gordon hotel at Gordon, has been a friend of Mrs. Brooks for many years. As the latter told Powell several days before that he could stay in the hotel as long as he pleased, regardless of whether or not he had any money to pay for his board.

While Mrs. Fells and Mrs. Brooks both attribute Powell's suicide to his financial trouble, the police, who are conducting an investigation, are of the opinion that the cause was a result of his inability to find work. A moving picture man, who has been in the city for some time, has been in the city for some time, and has been in the city for some time.

City Detectives Hambley and Vickery, who were assigned to the case, are of the opinion that the cause was a result of his inability to find work. A moving picture man, who has been in the city for some time, has been in the city for some time, and has been in the city for some time.

Judge Allison held that a citizen of Tennessee may order from without the state intoxicating liquors for himself and family without limit, and that the carrier may not be compelled to furnish information of the consignee to the county clerk, but under the act of Tennessee the consignee may be required to furnish information of the consignee to the county clerk.

The court held the one gallon limitation was interference with interstate commerce and that the act of Tennessee was unconstitutional. The court also held that the act of Tennessee was unconstitutional.

## HERE'S A GROUP OF "SEEING ATLANTA" TOURISTS

More tourists expected to board the train at the various stops. Two additional coaches were taken along to provide for them. Four coaches were filled comfortably when the train began its itinerary of one day.

W. H. Long, secretary of the industrial bureau of the chamber of commerce, conducted the party. Numerous other officials of the chamber, including President W. H. Long, Secretary W. H. Long, and others, were members of the big company. Big and long-haired men decorated the sides of one of the coaches.

During all of Friday the tourists were scheduled to be constantly on the move from one industry to another. The itinerary called for a stop at noon at the Atlanta State Works, where lunch was to be served. The party of the day, it included this lunch.

## 770 HOMES NEEDED FOR CORN CLUB BOYS

System of Telephoning Brings  
Many Responses From  
Atlanta Women

Homes needed for Corn club boys	1,900
Homes offered	220
Homes still needed	770

As the result of a system of telephoning installed by the Atlanta chamber of commerce today, responses came more rapidly to the appeal for homes for the 1,900 Corn club boys who will be here next year for the corn show.

Homes have been provided to date for 220 Corn club boys, but there is still a long road to travel before the entire list have been provided for.

The system of telephoning was employed last year with splendid success. There are many Atlanta ladies who are glad to entertain these boys, but who for one reason or another overlook the reply card which the chamber of commerce has sent. The chamber of commerce asks that all who will do so send in these cards at once, giving name and address and number of boys to be taken, or call the chamber by telephone.

Additional names of those who have agreed to entertain Corn club boys this year, bringing the total number up to 220, are as follows:

Mrs. F. M. Stewart, Mrs. F. O. Foster, Thomas Moore, Bolton, Ga.; Mrs. J. D. Chase, Mrs. W. E. Newell, Mrs. M. Marsh, Mrs. Robt. Robinson, Mrs. W. C. Raulo, Mrs. R. H. Harris, Mrs. Jack J. Spaulding, Mrs. E. E. Pomroy, Mrs. Jack Shropshire, Mrs. Walter G. Cooper, Mrs. H. G. Hastings, Mrs. William M. Nixon, Mrs. Ernest K. Morgan, Mrs. W. J. Blalock, Mrs. William H. Moyer, Mrs. Marion T. Benson, Mrs. H. C. Alston, Mrs. E. L. Adams, Mrs. George Niles, Mrs. Peter Smith, Mrs. Nell E. Wilkinson, Mrs. S. Pye.

**PLANS FOR PARADE.**  
The corn show committee held an enthusiastic meeting Thursday afternoon at which it was unanimously decided to extend a cordial invitation to the mayor and general council, to the board of education and to all state house officials to participate in the corn show parade.

Superintendent W. M. Blanton was invited to command a division in the parade which will be composed of the Atlanta High school boys and the Corn club boys. A majority of the members of the board of education have already given personal assent to this plan, and it is anticipated the board will give its final endorsement to the participation of the High school boys at its meeting next week. It is believed the association of the Atlanta boys with the Corn club boys will prove of mutual advantage to both. General J. Van Holt Nash, grand marshal of the parade will have his order ready within the next few days.

The Grand opera house has been obtained for the famous moving picture "The Dawn of Plenty," supplied for the season by Commissioner E. D. Fry of the state department of agriculture. The visiting Corn club boys and singing club girls will be admitted free to this picture and lecture, and the committee decided to send complimentary tickets to all Atlanta ladies who entertain Corn club boys this year.

## Thanksgiving Dinner Will Not Come So High This Year as Last

Either as the result of the recently enacted tariff legislation, or the bountiful crops in the southeast—or both—foodstuffs are said to be cheaper this year than they were a year ago.

Thanksgiving dinners therefore, will be more elaborate than they were last year. Dressed turkeys are now quoted at from 27 to 30 cents a pound as compared to from 28 to 35 cents last year. Dressed hens are proportionately cheaper.

There has also been a reduction in the price of eggs, celery, flour and other articles required to prepare a Thanksgiving dinner. Cranberries are selling at about the same price as they did a year ago. Beef and other fresh meats are higher. Fish, however, have not advanced in price although they are being consumed in larger quantities than ever before owing to the high cost of fresh.

The total recorded this morning was \$2,849,389, over 1,200 persons having thus far appeared in the subscription lists.

## NEW TRAFFIC ORDINANCE PRACTICALLY COMPLETED

Committee to Hold Final Discussion Friday and Put It Up to Council

Final discussion of the new traffic ordinance which has been drafted by W. D. Ellis, Jr., assistant city attorney, will be held Friday afternoon at 2 o'clock at a special meeting of the committee appointed by the city and chamber of commerce to investigate traffic conditions.

The committee has practically agreed on the ordinance now in the hands of the city attorney, though it may be slightly modified.

Mayor Woodward, it is understood, will request the committee especially to consider the blocking of streets by contractors' fences, and will ask that provision be made in the ordinance to determine just what rights contractors shall have and just what rights the public may insist upon.

John W. Grant is chairman of the committee.

# TEMPERANCE UNION WON'T FIGHT "EXTREME" STYLES

Other Organizations Covering Subject Pretty Well, They Say—Heated Discussion

(Special Dispatch to The Journal.)  
BALTIMORE, Ga., Nov. 21.—The Georgia branch of the Woman's Christian Temperance union, after a heated discussion, passed a resolution to prevent the discussion of any topic "except those of vital interest to the work of the union."

It was said in explanation of the resolution to restrict the dress question that the subject is being discussed by nearly all religious and philanthropic organizations in the state, and that the ground is being pretty well covered without the W. C. T. U. taking any part.

"This action by the temperance union seems as a great surprise to the members of the state, since they had counted on this body co-operating with them in the formation of a joint committee from the various churches and women's organizations to fight ragtime dances and 'extreme' styles."

Mrs. T. E. Patterson, of Griffin, state president, declared to the convention that they should strike at the root of the matter by petitioning congress to prohibit the importation of indecent dress for women. The customers of the world are Parisian, she said, and the women are as much sinners against as sinners.

Mrs. Mary L. McLendon, a delegate from Atlanta, and also president of the Georgia Equal Suffrage association, hit the action of ministers in condemning new styles by declaring that she opposed any organization of new tailors to stand against modern dress, and saying that the matter was one that should be handled exclusively by the women.

Seaborn Wright spoke last night to a large audience at the Woman's Christian Temperance union convention here. He said in part:

"The decision of supreme court in the Brown case absolutely sustains my contention that every near-beer saloon and every club in Georgia can be immediately and finally destroyed by injunctive proceedings. The order of Judge Matthews as announced by the supreme court by the utterly false statement in most of our great daily papers that the nation was a death blow to injunctive proceedings."

Mrs. Mary L. McLendon this morning extended the greeting of the Equal Suffrage association to the W. C. T. U. convention, which was accepted with thanks and appreciation.

# NEW COURT RULES HARD FOR COMMITTEE TO FIX

The committee named by the bar to draft rules for the new municipal court held a lively meeting in the civil courts building Thursday afternoon.

No action was taken by the body which adjourned after debate, on each subject presented.

The members of the rules committee are Chairman Walter McCallister, W. A. Fuller, Walter Vianola, Arthur Heyman, Jesse Wood, Robert Parker, Stiles Hopkins and Will Thompson. The five recently appointed judges of the new court met with the committee as ex-officio members.

Judge Newman Returns  
Judge Newman and the officers of the district court returned from Rome Friday, where the court has been in session since the first of the week. Court opened Friday morning, but adjournment was taken shortly after opening.

# NEW ILLUSTRATED BOOK ON PANAMA

Showing the World's Great Waterway in Pictures and Prose From Beginning to End

No similar book ever published will be so widely read as "Panama and the Canal in Pictures and Prose," which The Journal presents to its readers in this issue. It is a great big, beautiful volume, twice the size of an ordinary novel, and contains the complete story of the Panama canal in pictures and prose. Willis J. Abbott, the author of this book, has for many years been a writer on international topics. This has not only fitted him for handling the subject in question, but has given him a large

acquaintance among officials who have been instrumental in building this mighty inter-oceanic waterway. So the story is complete, from the time when Columbus sought for a natural waterway to the Pacific ocean, up through the centuries of revolution and warfare, and on through to the realization of the greatest achievement of this day of ages. It tells of the people and the time of the natives; how they live and dress; in fact, it is filled with local color and heart interest and is a chatty style that at once grips and holds the reader to the very end.

Such a work cannot help to be of vast importance in the education of all who would desire to keep abreast of the times. The old as well as the young will find information of rare educational value throughout this volume. The illustrations cover every subject treated. They consist of more than 600 photographic reproductions and include numerous full pages in color that portray the richness of the scenery in this great tropical garden. No similar work

was ever so profusely and expensively illustrated.

The Journal wants every one of its readers to have a copy of this beautiful new illustrated book, and to that end a certificate is printed daily in these columns, one of which enables the holder to get it when accompanied by a small payment of less than five cents. The book is of the various items of distribution. This is all explained in the Panama certificate.

Many World Famous Birds Will  
Be Exhibited Here De-  
cember 1 to 6

All entries for the 1913 Southern Inter-  
national Poultry Show must be in  
by midnight of the Friday. As this is  
the final day it is expected a large num-  
ber of new entries will pour into the  
office of Secretary T. M. Poole, who al-  
ready has enough listed to insure the  
success of the show.

Generous prizes have been offered and  
the exhibitors will find additional inter-  
est in viewing some of the world famous  
birds which will be brought from all  
parts of the United States for exhibi-  
tion.

Secretary Poole has called attention to  
the success of past shows where, in two  
seasons, 3,000 birds were shown and  
25,000 visitors viewed them.

Atlanta's show has become the sub-  
ject of national comment in the poultry  
world, and in the light of past suc-  
cesses and present preparations, the 1913  
show is expected to surpass any ever  
held.

The work of arranging the auditorium  
has already been started and by Decem-  
ber 1, when the show begins, the big  
building will be ready for tenants. The  
show will last through December 6.

## HOPKINS IS FINED \$10.75 FOR FIGHT WITH SIMS

Attorney and Grain Dealer  
Mixed at Third National  
Bank Building

Union C. Hopkins, the attorney, was  
fined \$10.75 by Recorder Broyles Thurs-  
day afternoon for the result of a fight  
with Emory S. Sims, a grain dealer,  
in the Third National Bank building  
Wednesday afternoon.

Sims, who lodged the complaint  
against the lawyer, who he said to have  
struck him on two occasions, was not  
present in court, but will be assigned  
Friday to answer to the charge of  
fighting with G. R. Sims, a salesman  
for Dunham & Sons.

It seems the origin of both difficul-  
ties was at an auditor's meeting in the  
office of R. V. Jones. There, according  
to the Recorder's statement to the  
Recorder, Mr. Sims accused Hopkins of  
changing a signature to a contract.

Then, Mr. Hopkins again struck the  
grain dealer, who left the meeting to  
search for a policeman. He was fol-  
lowed, it was testified, by Sims, who  
was also at the auditor's meeting, and  
the two men, Sims and Sims, came to  
blows at Five Points.

A policeman intervened and served  
both with copies of charges.

Then, accompanied by the policeman,  
Sims started back to the Third National  
Bank building to lodge a complaint  
intention of having a case made against  
Attorney Hopkins. When they reached  
the entrance of the building they met  
the lawyer coming.

According to the attorney's state-  
ment to the Recorder, he and Sims met  
and then the officer intervened, making  
the case.

ATLANTA--The Trail of the Lonesome Pine.  
ATLANTA--Vanderbilt.  
ATLANTA--The Shepherd of the Hills.  
ATLANTA--Hearts of the Blue Ridge.

The present engagement of "The Trail of the Lonesome Pine," the Eugene Walter play in which Isabelle Lowe is appearing as June at the Atlanta theater, runs through Saturday and promises great business.

The demand has been strong for seats, which is a tribute not only to one of the most popular books of the decade, and the play of a popular dramatist, but more so to the delightful artistry of Isabelle Lowe.

Saturday night will be "colossal night" an annual Atlanta theater institution. The football teams will be entertained and the college crowd given a jolly time.

The inevitable comedienne, May Irwin, and her company will be seen at the Atlanta Tuesday and Wednesday, with a Wednesday matinee in her latest New York success, "Widow by Proxy."

Next week for four months at the George M. Cohan theater, New York, last season.

To see Miss Irwin is to enjoy the season's biggest laugh. Mastering the art of the Widow, in order that she may obtain a legacy left by an uncle of her friend's supposed dead husband, she is cast in a role that fits her like a glove.

Matinee today and tomorrow and night shows will close one of the best bills ever seen on a local vaudeville stage.

The Forthright is better than ever, an annual Thanksgiving week on the bill this week Charles Grapewin and Miss Anna Chance headline in "The Awakening of Mr. Pip."

Francis Wilson's famous New York comedy success, "The Bachelor's Baby," will be presented next week at the Lyric by a company headed by Henry Eugene and Little Mimi Yvonne, a talented child actress.

In this day of problem plays, it is a decided pleasure to note the success of such splendid attractions as "The Shepherd of the Hills" that is pleasing so many thousands of people.

Remaining performances should draw large audiences.

Madame, which is one of the most popular forms of amusement, is being demonstrated this week at the Lyric by the Jewell Kelly company, which is offering Hal Reid's play, "Hearts of the Blue Ridge."

Preparations are being made for next week's play, "A Cowboy's Romance." Money about to be admitted free when accompanied by a large number of tickets.

What a pleasant thing to have said to you, and why should it be? You who enjoy other lovely hair, and are adorned with it, find the stringy appearance of your own--use Harmony Hair Beautifier, and let others envy you.

This delightful liquid seems to polish and brighten the hair, giving it that burnished, lustrous look you have so often wished it might have, adding to its softness, making it easier to put on and "stay put"--making it more and more beautiful in every way. It overcomes the unpleasant oily smell of your hair, leaving a dainty, rich perfume that will delight you and those around you. Very easy to apply--simply sprinkle a little on your hair each morning, and it will be clean, soft, and shining without the color of hair, not even gray hair.

To keep hair and scalp dandruff-free, and clean, use Harmony Shampoo. This new beauty shampoo gives an instant relief, itching that immediately prevents every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Can't harm the hair; leaves no harshness or stickiness--just a sweet clean fragrance.

Both preparations come in odd-shaped, very ornamental bottles with sprinkler tops. Harmony Hair Beautifier, to satisfy you in every way, or your money back. Sold in large quantity only at our store--The Record and the big Harmony laboratories in Boston, where famous hair and scalp preparations are made--(A.V.L.)

## SKIN ERUPTIONS

### Evidence of Impure Blood and a Run Down Condition

When the blood becomes thin, poor, devitalized, nature cries out for help, and the safest, surest and most helpful remedy we know is VINOL.

This is because it is a combination of the two most world-famed tonics—the medicinal curative elements of cod liver oil (without the oil) and tonic from the blood. VINOL strengthens the digestive organs, creates a hearty appetite, purifies and enriches the blood, creates strength.

Mrs. Helen Wingate, St. Louis, Mo., says: "I was in very poor health, nervous and run-down, and nothing in the way of medicine did me any good until my druggist recommended VINOL. It built up my health and strength, and I feel that I owe my life to VINOL. I cannot praise it too highly."

You may positively there is nothing like VINOL for getting the blood and building up weak, run-down people. If it should not do this for you, we will return your money. Elkin Drug Co., Atlanta, Ga.

## LESSEES CAN RECOVER FOR SMOKE DAMAGES

Chairman Harwell of Atlanta Board Calls Attention to New York Decision

The effort to abate the smoke nuisance in this and other cities has been decidedly strengthened by a decision recently handed down by the New York supreme court, in which the court ruled that damages may be collected by leaseholders for injuries sustained through the smoke nuisance.

While the decision was handed down in New York, it will tend to influence similar decisions in other states, and will give impetus to the work of clearing cities of smoke.

H. M. Harwell, chairman of the Atlanta smoke board, said Friday that the New York decision was of much interest and importance.

"It will help us out here," said Mr. Harwell.

Commenting on the case one of the New York papers says:

"The owner of a lease on real property has today for the first time in the history of the New York supreme court recovered \$1000 damages against a landlord for injuries sustained by noxious gases and smoke drifting into his apartments. The verdict was awarded Charles S. Reed, a wealthy manufacturer, against the Belford Realty company."

"The case is important because it amounts to millions of dollars may be filed as a result of the outcome of the Reed case before Justice Marcus."

"The first effect will probably be that owners of apartment houses will raise their smoke stacks to such a height as to prevent coal gas from flowing down through the courts."

"O'Leary, counsel for Mr. Reed. 'They must do something to protect their clients with up-to-date gas destroyers.'"

## Bert Adams Tramping From Coast to Coast To Boost Frisco Show

On his way coast from San Francisco to New York, Bert Adams, a tall young westerner dressed in khaki, arrived in Atlanta Thursday and continued his journey Friday morning.

"I am advertising the San Francisco exposition," said he, introducing himself at the Journal office. "I left Frisco on August 21, and I expect to reach New York on the 25th."

Adams said that he heard of the "Bert Adams" show, a young couple who spent several days in Atlanta after coming down on arrival here. He will follow northward and be tried to find them from them, but they had left Thursday morning for the west.

He found Governor Slaton in town when he called at the capitol, but the secretary of state said his log book.

## METHODISTS AGAINST ANY CHANGE IN CHURCH NAME

Veto to Continue as Southern Church—Oppose Carnegie's Offer to Vanderbilt

BY REV. EDWARD G. MACRAE.  
(Special Dispatch to The Journal.)  
MEMPHIS, Ga., Nov. 21.—Bishop James A. Candler was a visitor today to the North Georgia conference and made a short address, dealing with the tendency of change in the church. He placed himself in opposition to the proposed change in the official title of the Methodist Episcopal church, south, by which the word south would be dropped and the name become Methodist Episcopal church in America. He also scored those who wished to alter the historic policy of Methodism, declaring that there was no new truth to be expounded and no better form of government than that which already obtained in Methodism.

A large class of young ministers was received into full connection. These were: J. S. Sullivan, C. N. Hays, W. W. Watkins, J. W. Stephens, J. O. Pettit, J. H. Turner, J. L. Hays, W. R. Norton, G. E. Barton, C. A. Swift, G. S. Fraser and N. L. Bray. These men passed their examination successfully and at the close of an address on the duty of ministers they were ordained to the office of deacons.

The conference voted on the proposed change of name of the church and the result was 215 against the change and 42 for. This result was expected.

The report of the board of education was read by Dr. C. O. Jones, of Atlanta, and contained a strong indictment of the bishops for refusing to accept the \$100,000 gift from Andrew Carnegie to Vanderbilt university, and also condemned the trustees of the latter for their opposition to church control.

A lively debate developed over the best proposed for the election of delegates to the general conference which meets next year in Asheville, N. C., and Saturday's session will be devoted to that work. Fourteen delegates will be elected, seven clerical and seven lay.

The memorial to the general conference asking for a new law that will make presiding elders go back to the pastorate after four consecutive years on a district, is in the hands of the committee and will be reported and voted on tomorrow.

Rev. Hugh Harris, now connected with Wesley Memorial church, Atlanta, was received from the Methodist Episcopal church.

This afternoon the second vesper address will be delivered by Dr. E. R. Bowers of Nashville, Tenn., and tonight at the anniversary of the board of church extension Dr. W. P. McMurtry, of Louisville, Ky., will speak.

## KNEISEL QUARTET HERE

The famous Kniesel quartet, personally directed by Franz Kniesel, formerly of the Vienna Philharmonic and Boston Symphony orchestras, will play in Atlanta this Friday evening at the Tabernacle auditorium under Alkhatz auspices.

## WEATHER TO BE WARM FOR FOOTBALL SATURDAY

The almost springlike weather which has prevailed for several days will continue the rest of the day and Saturday. The forecast is fair for Friday night and Saturday.

There will be little if any change in temperature. Friday started with a minimum of 56 degrees, and cloudy conditions early in the morning gave way to sunshine and warmth during the day.

## MASHING CHAUFFEUR NOT A BELLE ISLE MAN

"The young man who was arrested as a mash and was fined in police court."

Thursday afternoon was not connected with the Belle Isle Auto Race Service," said A. L. Belle Isle, head of that service at 4 Luckie street, Friday morning. He added that inasmuch as the name of the young man's employer was not printed, his own patrons might make the mistake of charging the occurrence to one of his chauffeurs.

## The Story of a Glove With a Paris Point

After negotiations extending over eight months we are pleased to announce

Another "Best Glove at Its Price,"  
"The Celestine" and Its Price Is 86¢

The eight months do not measure the time that we have spent casting about for this best glove at its prices, but only the time we have been negotiating with this maker across the seas. The glove he wanted us to take at first was in quality all that it should be, what we were searching for.

We wanted it finished differently.

And we got it as we wanted it.

So today after eight months of dickering and preparation we have "The Celestine" at 86¢.

It is a smarchen kid, the first we have ever sold for the very good reason that it is the first that has measured up to our standard of what a smarchen should be. So good is it and so sure of it that we have had our name put in every pair.

A two-clasp glove of firm plump skin, soft, flexible and it is Paris point stitched, just as the most expensive glove we sell.

You may have black, white, tan, slate with self-stitching and black with white stitching.

All sizes from 5 1-2 to 7 1-2, 86¢.

## The New Handkerchiefs Are Here

The superb values, the rare novelties, the certain superiority of qualities that Atlantians are accustomed to finding at Chamberlin-Johnson-DuBose Co.'s year after year, are due to our methods of collecting Christmas handkerchiefs.

We go direct to Ireland, and thereby cut costs to such an extent that we are enabled to show finer handkerchiefs at a given price than those who have to pay the importer a profit.

This is a very matter-of-fact statement about these exquisitely dainty bits of linen, about which the advertising pen is prone to grow enthusiastic—but it explains conditions and why these exquisitely dainty bits of linen are not priced as you might expect.

We leave the enthusiasm for you—when you see them.

## TURNER WANTS NO AID IN DOCTORING HIS CODE

Turns Down Chambers' Offer  
Saying Electrical Ordinance Is All Right

Aldine Chambers and Carl N. Guess, attorneys for the Cotton States Electric company, have offered to co-operate with Electrician R. C. Turner to secure a revision of the city electrical code. Mr. Chambers is of the opinion that the code might be improved along general lines, though he said he was not prepared to say definitely what changes should be made.

The city electrician scouted the idea. "I do not want their co-operation," he said. "The electrical code of Atlanta is considered one of the best in the country already."  
Turner says the injunction secured by Aldine Chambers to prevent his having the current turned off at the colored Methodist church at the corner of Central avenue and Hunter streets, is harmless in as far as he is concerned. "It does not hamper me in any way," said Superintendent Turner. "All I wanted to do was to turn off the current so the electric company could run in some feeders, but this can be done just as well with the current on as with it off if the wires are tapped."  
"I have no desire to leave the colored brethren in the dark," said the electrician.

## Women's Gowns --- A Clearaway

75c to 95c **39c** \$1.19 to \$1.25 **79c** \$2.50 to **98c**  
Gowns Gowns Gowns Gowns

Certain lots of Gowns are going to new owners tomorrow, under the impetus given them by some very drastic pricing---pricing such as characterizes Chamberlin-Johnson-DuBose Co.'s clearings.

The reason for this clearing is that the gowns have been soiled or mussed from displaying them on tables and from handling.

They are not perfectly fresh, otherwise their prices would never be so humbled!

Those at 39c were exceptional values at 79c to 95c, lace and embroidery trimmed, of Nainsook, as neatly and prettily fashioned as could be.

Those at 79c are of sheer Nainsook, round and square necks, kimono sleeves, with ribbon and lace trimmings that are in a word dainty.

Those at 98c, of fine, soft Nainsook, very sheer; some have all lace yokes, kimono sleeves, made attractive with Cluny and French Valenciennes laces.

\$2.50, \$2.75 and \$3.00 never bought prettier and would not now were these perfectly fresh.

## Fine Savings In The Junior Department!

At the top of the list must go what most young women and their mothers are most interested in---Junior Suits.

\$36.50 to \$42.50 **\$29.75** \$32.50 to \$35 **\$25**  
Junior Suits Junior Suits Junior Suits

And these are our own fine stocks that we speak of!

No doubting their styles, of such are the season's fashions.

Velvets, broadcloths, velours de laine, matelasses, eponges, mixtures.

Most of them have a touch of fur about the collar, which sometimes buttons close and again is open.

There are one-button coats, cutaway, belted coats, coats with yokes and kimono sleeves; skirts drape in graceful lines, usually they are the "peg top" effect.

It is a sale that does not always come so early in the season---indeed, the vogue for velvet suits is growing every day. Still they are reduced.

A fine opportunity!

## New Middies

For those rosy cheeked girls who "go in" for athletics---and usually they are the ones who stand at the head of their class---we have just unpacked a fine lot of navy blue middies and priced them at \$1.00 and \$1.50, a little less than they look to be worth.

With these are bloomers at 50c to \$1.50; saten and galatea.

## Woolly Sweaters---Oh So Warm!

Not only sweaters but toques and mittens and leggins and sacques, in happy variety that makes selection fine fun.

Sweaters for school girls, in white, red, brown, navy, Oxford; many novel weaves; at \$1.25 to \$5.00.

Leggins, those that cover the legs to the knee and then Buster's leggin pants, in white and colors; 50c to \$1.25.

Toques that match the leggins; prices begin at 29c; if Buster is an automobile fiend, here are the hoods that keep him warm; \$1.00 to \$2.50.

And the mittens, 20c to \$1.00; and booties for his baby sister and brother, 20c to \$1.50.

Such a list suggests Christmas presents, does it not?

It's a fine Knit Goods Section we have this season for the little folk!

## Infants' Bonnets

New!

White and black bonnets that are little beauties, for little beauties.

Faile silks and velvets and plushes.

They are made pretty in many ways.

Here's one with a fine white ruching around it.

Another has wide ribbon bows.

Another is attractive because of the dainty use of laces.

Priced from \$2 to \$6.50.

## A Sale of Girls' Hats

\$6, \$6.50 and \$7.00 **\$3.50** \$12.50, \$13.50 and \$15 **\$7.50**  
Hats are Now Hats are Now

Success seems to be the companion of the store that has the best values!

One of the finest bits of best values this store for the young folks has offered this season is tomorrow's sale of Girls' and Misses' Millinery. The prices above tell the exact savings; of course, we might have waited until January for such drastic reductions but---we haven't!

No describing the hats---too many. See them---felts and plushes and silks at \$3.50. Plushes, velvets, furs at \$7.50. Little artistic masterpieces with flowers, ribbons and marabou feathers as trimmings.

**Perfect Lubrication Under Any Heat**

—at any motor speed

Heat is the test that gives you the value of a motor oil. A lubricant that runs thin under heat is costly. Friction increases, parts wear, power diminishes.

Polarine assures a perfect lubricating body under heat. Penetrates every crevice, yet body is always the same. Gives your motor more power. Minimizes friction, hence does away with costly process of frequent tearing apart of motor—reduces repair bills. Saves its cost in a year's time.

REDUCING MOTOR OIL

After several years of operation, the re-sale price which the motor brings tells the difference between common lubricants and Polarine. Motors protected by Polarine bring better prices on re-sale.

Buy it from garage men or accessory men—anywhere. Comes in cans, barrels and half-barrels. If you own a gasoline car you can save money by buying Polarine by the barrel or half-barrel. Ask for Polarine.

## THAT REMARKABLE CASE OF MRS. WATSON HAS AROUSED THE PEOPLE

The almost miraculous cure of Mrs. Emily Watson, published in these columns, has aroused the people of Atlanta, and as usual some few detractors have made it their duty to disbelieve it, in other words, call it a lie. Now, the Health Teacher has proved the facts by making the believers crawl back into their hiding places or be convinced, provided truth and facts can be made to puncture their thick skulls. Here are the facts of the case, and if it can be proven that they are not true in every particular, even to the minutest details, the Health Teacher will forfeit \$100.00 to charity.

Mrs. Emily Watson, of 129 Curran street, 35 years of age, suffered from indigestion of the severest form for

## DEMOCRATS ORGANIZE LITTLE LUNCHEON CLUB

Washington Amen Corner May Hold High Power in Party Affairs

WASHINGTON, D. C., Nov. 21.—A luncheon club which promises to be a factor in official and legislative life of the national capital will come into existence Saturday at the Roosevelt hotel. Its members will be the members of the House of Representatives, the state department, will be held at luncheon at which the club is to be organized.

"It will be an organization of kindred spirits," said Governor Fall, in discussing the club. "It will be composed of Progressive Democrats, who will gather once every week for a luncheon."

Men prominent in the affairs of the Democratic party will attend the initial luncheon as follows: Senators Lea, of Tennessee; Hoke Smith, of Georgia; Charles McNamara, of New Jersey; and Hollis, of New Hampshire; Congressman Palmer, of Pennsylvania; Ex-Governor Holt, of Missouri; Assistant Attorney General, of Pennsylvania; Assistant Secretary of Labor Lewis D. Brand; and Secretary to the President Joseph P. Tumulty.

**CABINET LADIES DENY SNUBBING HON.'S WIVES**

Report They Had Cut Mere Mrs. Representatives Off List Branded False

WASHINGTON, Nov. 21.—There is to be no men in official circles, and all previous reports of such a struggle between wives of cabinet officials and the wives of members of the house are declared to be the "sheerest nonsense" by a cabinet officer's wife who deemed the rumors of sufficient importance to warrant a statement calculated to lay them at rest.

According to the original reports of the trouble, the wives of representatives had been struck out of the list of the cabinet group of women because the latter had deemed it impossible to meet all the social demands made upon them. This today was denied as a base slander by the cabinet officer's wife who declined to reveal her identity at this time.

"We called on the ladies of the senate last evening," she explained, "because the senate had confirmed our husbands' appointments, and while we were hunting and more or less overwhelmed by our duties, we made any calls excepting those which were immediately necessary. We had no idea that any offense would be given by this. We all expected that the extra session would be short and that with the beginning of the new session we would all be ready to take up our regular social duties."

**PREScribes RULES FOR ASSESSING SHIP TOLLS**

President Wilson's Proclamation Fixes Method of Measurement

WASHINGTON, Nov. 21.—Rules prescribing the method of measurement for the basis of assessing the ship tolls on the Panama canal, were issued today in a proclamation by President Wilson.

They strictly define the cargo capacity of various types of shipping and in general are framed on the basis of the rules of the Suez canal. In some respects they are more stringent than the rules that, in fact, are more liberal. The rules do not affect the \$125 toll rate previously prescribed in a presidential proclamation.

**ANOTHER CHILD KILLED BY MOTOR MAIL TRUCK**

NEW YORK, Nov. 21.—The agitation for restriction of the speed limit of United States mail trucks, which is posed by the postoffice department, received further impetus today by the addition of another fatality to the list of several recently reported.

The victim was a three-year-old boy named John, who was killed when a mail truck ran over him. The driver, John Dutton, was arrested at a scene of homicide. He was broken up by the shock of the accident and kept repeating the tragedy of it that he, to whom the child had been born only a few hours before, should have run down and killed a baby.

**MAN IN BARBER CHAIR SEES THIEF IN MIRROR**

HOLLIDAYSBURG, Pa., Nov. 21.—While District Attorney Martin D. Putnam, of Blair county, was being shaved in a barber shop here last night he saw, by reflection in the mirror, a sneak thief rifling the cash register.

Patterson pounced on the man and overpowered him.

**West Point Celebrates**

## Converse Girls Say They Were "Hasty" In Hunger "Strike"

(Special Dispatch to The Journal.)

SPARTANBURG, S. C., Nov. 21.—The 200 Converse college girls who went on hunger strike Wednesday as a protest against the quality of fare in the college dining room, but who abandoned the strike yesterday after denying themselves of two meals, issued a statement this morning in which they said they had been "overhasty," and were not to be regarded as "militants" in any sense.

The girls had made a compact not to take nourishment until their demand for better meals had been complied with by the college authorities. The dinner yesterday looked so attractive to the girls, who had not eaten a bit in twenty-four hours, they ate with the greatest gusto, and some of them affirmed it was the most delicious repast they had ever enjoyed.

**AND THE BOYS SENT CANDY.**

An additional temptation to the girls to break their vow and take nourishment lay in the fact that the young men of Spartanburg college, a neighboring institution, on learning that their friends of Converse were starving, sent enormous quantities of candy, fruit and cake around, after thinking the hunger strike over the girls concluded they had made a mistake, and had unduly brought pain and embarrassment upon the beloved president of the college, Dr. Robert P. Fell, who has been unwell and only recently returned from a sojourn in the mountains, where he was recuperating from an attack of nervous prostration.

The young women, at a mass meeting last night called by the officers of their self-governing association, authorized the officers to prepare for the press the following explanation of the "strike":

"We do not feel that we can allow the public to continue under a wrong impression as to the meaning of our protest against some unsatisfactory conditions with regard to food service. We entertain no lack of confidence whatsoever in the regard for every reasonable comfort and convenience. We have not the least ill feeling against the administration. Were it not for some unsatisfactory conditions in the dining room service, due as we now understand to difficulties arising out of recent changes of equipment and service, that we were not yet returned to the school, we should have no complaint whatever to make. Our resort to new methods of protest was overhasty. It does not imply that we are in any way to be regarded as 'militants' in any sense. Our real motives do not

## RIVERS-HARBORS MEET WILL LET WOMEN TALK

Panama Canal to Be Principal Topic of Congress Which Opens December 3

WASHINGTON, Nov. 21.—Plans for the tenth annual convention of the National Rivers and Harbors congress were announced today. It will meet here for three days, beginning December 3. President Wilson and several of his cabinet members will address the delegates who will be present from every quarter of the United States.

Because of the approaching completion of the Panama canal, the convention expects its deliberations to be of especial significance. The canal opening will occupy a large part of the deliberations of the convention, it was announced.

Women are to have a hand in the deliberations of the convention, for the Women's National Rivers and Harbors congress announced they would tender a reception to Vice President Marshall and Mrs. Marshall and to Speaker and Mrs. Clark and after those formalities would plunge into a discussion of the waterways development.

Mrs. Sarah Stratton, of Portland, Me., president of the auxiliary organization, will be the principal speaker.

**Russia May Send Fleet**

ST. PETERSBURG, Nov. 21.—The Russian foreign office, and admiralty have not agreed on the reply to the American ultimatum regarding the review in Hampton Roads in celebration of the opening of the Panama canal.

Russia undoubtedly will follow the example of the previous war and send a representative fleet.

All justify the impression we fear will be created upon the public in regard to the strike, but members of the Converse faculty explain that the kitchen administration was completely changed at end of last session, after a sensational pistol battle between the steward and the head cook, while the girls were at breakfast this morning, and the new administration has not yet got things in the best running order. They say that steps have now been taken which assure a service that no fault can be found with.

## MOLLYCODDLE LAXATIVES CAN'T AND DON'T TOUCH THE VITAL SPOT—THE LIVER

Of the many laxatives on the market, many are useless. True, they clear the intestinal tract, but they don't clean it because they don't stimulate the liver and release the dammed-up bile, which is the great poison-destroyer of the body. You take nasty stasis, disagreeable oils or mineral waters, or any of a hundred other laxatives and laxative preparations, and with all your trouble, you get imperfect results.

These are simply mollycoddle laxatives, making a lot of bluff and bluster without accomplishing the desired purpose. No wonder you dislike taking a laxative. No wonder you put it off as long as possible.

The secret of prompt recovery from such troubles as bad breath, headache, dizziness, loss of appetite, constipation, biliousness, etc., is to release the dammed-up bile. Merely washing out the intestines with salts, etc., will not release bile.

Any physician or druggist will tell you that Calomel (Mercury) or Podophyllin (Ma Apple Root) are the two great recognized liver regulators and bowel cleansers. Calomel, so generally used, is a poisonous mineral salt, and dangerous to the system. Another laxative must be given to wash it out.

**Educated Bowels Can Eclipse Educated Brains**

Clean Living Counts Most; Keep Your Head Clear With Jacobs' Liver Salt Before Breakfast.

Health is almost wholly a matter of educated bowels and active liver and kidneys. Let the liver run down, and some constipation, biliousness, indigestion, sick headache, dullness, unrest at night, nervousness, colds, simply because the system is being poisoned by wastes generated from fermented food waste which has not been properly eliminated. It is a serious waste in the alimentary tract, the richer the diet the more waste, and the poorer the diet the less waste. Clean it out and give the bowels regular

elimination. Health is a Habit—Watching your liver. Jacobs' Liver Salt never forces; it just flushes the alimentary tract, loosens the waste deposit and gives the natural and cleansing elimination. It will educate your liver and bowels and end those periodic bilious breakdowns and the dosing of calomel or blue mass with its nausea and awful sickness.

Jacobs' Liver Salt is agreeable and never grips. It acts gently, naturally and promptly, the great liver regulator for everybody, and if you are not satisfied after taking it you druggist will return your money. Jacobs' Liver Salt has breakfast meals a delicious and a splendid day for you. Try It. All druggists sell. Made in America by Jacobs' Pharmacy, Atlanta.—(Adv.)

because confining duties, lack of fresh air and sunshine gradually weaken even a strong constitution, and the enfeebling system readily accepts sickness and disease.

Scott's Emulsion checks such decline. Its pure cod liver oil is nature's grandest medicinal food while its hypophosphates act as a building tonic. It refreshes the body, puts vigor in the blood, strengthens the lungs, upbuilds the nerves and invigorates the whole system.

If you work indoors, Scott's Emulsion after meals will prevent much sickness and loss of time, and often cures tuberculosis—it builds up and holds up your strength.

## SLATON MAKES ANSWER TO HARWELL'S CRITICISM

School Head Says He Would Like to Get Smoke Case in Court

Replying to criticism by Chairman R. M. Harwell, of the city smoke commission, to the effect that various public schools persist in violating the anti-smoke ordinance, and that it appears there is nothing left to do but make a case in police court against Superintendent W. M. Slaton, the latter says:

"There's nothing in the world I should like better than to be haled before Recorder Broyles and have the court take me to task personally for everything that is wrong with the Atlanta schools. I am sure it would result in just one thing, and that would be that the court would order that the city furnish the money to make the necessary improvements, so that many mistakes or conditions which may be termed as such can be abated."

In his statement Chairman Harwell declares the schools have several times been notified that they must observe and obey the anti-smoke ordinance, but that so far there seems to have been little if any effort to remedy conditions. Superintendent Slaton says he has conferred with W. W. Lotzsch, manager of the schools, and the latter informed him at least \$10,000 would be required to put the furnaces of the schools in condition to comply with the provisions of the anti-smoke ordinance.

"I am in thorough sympathy with this ordinance," says Superintendent Slaton, "but without the necessary funds to purchase proper equipment, we cannot meet its requirements. If the city council will give us the money we will minimize the smoke. I am anxious for the schools to comply with this and all other city ordinances."

GEORGIA CROPS DAMAGED \$40,000,000 BY INSECTS

That Georgia's loss last year was \$40,000,000 in crops destroyed by insects because there were not enough birds to exterminate the latter, is the estimate of James Henry Rice, Jr., field secretary of the National Association of Audubon Societies. Mr. Rice says figures compiled by the association tend further to show the loss to the whole nation was \$1,250,000,000, because birds were not protected properly.

Mr. Rice is in Atlanta to establish southern headquarters for his association. He will lecture on "Birds" at 7 o'clock Friday night in the Carnegie library.

## Baby Allee Gets Lost; Eats Sister's Luncheon And Frightens Parents

For three hours Thursday morning the neighbors of Mr. and Mrs. J. W. Brown, of 225 Grant street, joined them in the hunt for little Allee, their two and a half year old daughter. They hunted high and low for her—in the woods of Grant park, at the public school nearby, in alleys and yards and everywhere.

At about the time the situation was becoming serious and Mrs. Brown was verging on hysteria, a policeman passing the corner of Pryor and Hunter streets spied a tiny little girl sitting on the curb, munching luncheon from a paper she had unrolled. It was Allee. She had walked nearly two miles from her home, crossing several busy streets on the way. The policeman, with Allee in his arms, was on his way to the Fair Street school when he met Mr. Brown.

When Allee's sister, Vivian, left for the Hill Street school Thursday morning she forgot her lunch, and Mrs. Brown put it in Allee's hand a moment later, telling the little messenger to "run and give it to sister." But Allee did not overtake Vivian, though she continued to hunt all the way down town, asking several pedestrians, "Have you seen my sister?" It was Vivian's lunch which the little wanderer was eating when she was found.

## KIMBROUGH'S SEWER BILL TURNED DOWN BY CITY

Aldermen Concur in All Other Matters but See This Differently

The aldermen heard Thursday afternoon concurred in all of the papers passed up by council with one exception. A resolution crediting J. T. Kimbrough, town and councilman, with seventy-five feet of lateral sewer on Oak Hill avenue, in Capitol View, was voted down unanimously.

The councilman's claim for this credit was based on the sewer assessment law providing that the owner of a corner lot shall not be assessed for lateral sewers on both streets, but shall be credited with the cost of seventy-five feet of sewer in front of his property.

A sewer was previously laid on the cross street, or vice versa as the case may be.

Councilman Kimbrough claimed a sewer on Oak Hill avenue at the corner of his property, but this claim was denied by the aldermen, the statement being made that the first sewer was laid by the real estate promoters and not by the city.

And so Councilman Kimbrough must be content with the credit of 50 cents per foot.

## SAYS VANDERBILT MAY BE MOVED TO ATLANTA

Dr. Hamill Tells Methodist Conference Litigation May Cause Action

A statement attributed by news dispatches from the North Georgia Methodist conference at Elberton to one of the speakers there is interesting to Atlanta because it announces the possibility, as the speaker sees it, that Vanderbilt university may be moved to Atlanta.

Dr. H. M. Hamill, of Nashville, the city where Vanderbilt has been located since its foundation, is the speaker who is quoted.

"Should the supreme court decision be adverse to the church ownership of Vanderbilt university, the Southern Methodist church would pick up the university, the publishing house of the church and all other church interests located in Nashville, and move them bodily to Atlanta," Dr. Hamill is quoted as saying.

His statement is said to have been received by the conference with hearty applause and a chorus of "amen."

CAUSE OF LITIGATION.

The litigation to which Dr. Hamill referred involves an issue of church control as opposed to the control of the university by its board of trustees. The lower Tennessee court decided in favor of the church, holding the general Methodist conference has the right to fill vacancies on the board of trustees. The decision has been appealed by the trustees and is now before the supreme court of that state.

It would appear that if the supreme court does reverse the lower court, however, the trustees will control the university, the church conference would not have the power to move Vanderbilt. On the other hand, if church control is upheld, there would be no motive in seeking its removal.

## FAVERSHAM WON'T COME: HEAVY FROSTS PREVENT

William Faversham will not appear in Atlanta. Such is the information received in Atlanta Thursday evening by Homer Georgia, manager of the Atlanta theater.

Mr. Faversham had been led to appear here December 15 and 16, but owing to the poor success of his present venture and his cold reception, the star is hurrying back to New York from the west, to engage in a new production. It is possible that a southern tour may be arranged.

A lecture before the Drama League had been promised by Mr. Faversham on December 16, and members of the league will be disappointed that this must be cancelled.

To enter the *Muse* store all merchandise must have such a basis. To go out it must yet take on the *Muse* guarantee.

# Auburn Team Not in Best of Shape for Big Game Saturday

HANK'S THIRTY-SECOND DAY---The Chink Picked Out the Woods to Starve In.

--BY FARREN

## THE SPORTLIGHT BY GRANTLAND RICE

FROM THE OFF TRAIL.  
We have no home to welcome us; no clan that meets together; No kin around the banquet board to bid us come and stay; No voices whisper to us that it's time to slip the tether; No friendly trail that beckons us across Thanksgiving Day.  
We know that we are vagabonds, and none could ever doubt it; We know that we are aliens forever on the roam; We know that we are drift wood, but we never think about it Until we hear them talking of Thanksgiving Day and Home.  
And so, as most befitting for the day that lies before us, We'll not begrudge our brothers who have known a cleaner Fate; We'll pledge the toast of heart to hear and wish them luck in chorus Who have a home to go to on beyond the city's gate.  
"Princeton," states an exchange, "won't have so very much to render thanks for this season." How about Cornell?

ARMED INTERVENTION.  
Sir—I saw the Yale-Princeton game and also the amount of unnecessary roughness which Yale was guilty of. Ketcham was a very heavy offender and there were others. It was a wonder that Capt. Baker, of Princeton, wasn't badly injured. It may have been unintentional—I won't say it was premeditated. But I will say this—that if Yale starts any of the same stuff in the Harvard game there will be a very sick bulldog around about Saturday afternoon. I happen to know how capable such men as Hardwick, Brickley and three or four more are at taking care of themselves. Crimmon, '08.

What is this Yale-Harvard contest going to be, anyway? A war or merely a battle?  
ANOTHER OPINION.  
Dear Sir—I noticed in your comment where you quoted some expert as saying that Carleton's team was two touchdowns better than Princeton or Yale. I don't agree with him. If Carleton isn't three touchdowns better than either Princeton or Yale I don't know whether a football is as hard as a square. There isn't any comparison.  
The suggestion of Mayor Fitzmaurice that Harvard and Dartmouth play for the championship is well enough. But for the championship of what? Of Hanover?

A WORD FROM JACK COOMBS.  
"I won't be able to eat at home Thanksgiving," Jack Coombs writes me. "But O you Christmas dinner!"  
Jack is confident that he will be up and about within two months and that by next May he will be out there in an old-time uniform pegging the ball. You may not be an athletic rooster, but if you knew Coombs you'd be pulling for him just the same.  
If Coombs slips back into harness with his old-fashioned stuff intact, we have a faint hunch that Connie will bear watching for a week or two next season at the outside.

When Pittsburg U. arises to give three cheers for beating Carleton, a team that beat Dartmouth 25 to 10, a sudden lull develops when some one remembers that Pittsburg was beaten by Bucknell, a team that was later on beaten by the Navy 77 to 6, or figures to the same effect.

The secret of the above is that Pittsburg reached its crest back in October, while Carleton's crest was a month ago. And in football the crest is good for about one game. The interval of form in this sport, "between getting ready and going stale," is about 54 minutes a season. And 54 minutes is a healthy average.

An eleven in football can only point successfully to one or maybe two wins. The faster you come forward in this game through October, the faster you seem to start back in November. And once an eleven loses its bearing and starts rolling back, it makes an avalanche look like a feather from a catbird's wing.

Mathewson had about decided to make the trip with the Giants over sea until he heard that the putting greeps in Japan, Zanzibar and around the Pyramids were very poor. Being a true golfer at heart, he had no other recourse save to leave the squad.

## Dodgers Train At Augusta, Ga.

NEW YORK, Nov. 21.—Wilbert Robinson, new manager of the Brooklyn National league team, announced his training plans for next season at a luncheon attended by officers of the Brooklyn club and newspaper men yesterday. The "Dodgers" will start for Augusta, Ga., February 23, and the regular March 1. The team will remain in the southern camp until March 25 and then will work its way north, playing exhibition games and arrive April 1.  
Games will be played here with the New York and Philadelphia Americans and the Newark and International leagues. It was stated that Governor Fennell, of Pennsylvania, who is slated to be the next president of the National league, had promised to throw out the first ball at Ebbets' Field next season. Manager Robinson caught for Mr. Fennell when the latter broke in as a pitcher.

## O'Brien Balks At Minors' Pay

NEW YORK, Nov. 21.—The holdout season in baseball has arrived and "Buck" O'Brien, the pitcher who gave James R. McAlister so much trouble before signing with the Boston Red Sox last spring, is at the head of the procession. The inaugurator of the holdout's series balk is now on the roster of the Oakland club of the Pacific Coast league, but the fact that he has been relegated to the minors has not in the least impaired his ability to pose as a holdout.

A few days ago Arthur Devlin, not so long ago with the Giants, and now manager of the Oaks, tendered O'Brien his contract for 1914, but "Buck" did not mince his words in declaring that he would rather go on the stage than play ball at "him Rogers."

## Football Night At the Atlanta

Saturday night has been selected as the annual "College Night" at the Atlanta theater and all the followers of football will be on hand to pay their respects to the great game. The Georgia and Auburn elevens have accepted invitations to attend the theater and the winning team will be given the boxes.  
College Night has been an annual event at the Atlanta since the opening of the Kluge & Pflieger theater. Heretofore it has been given over to the Georgia-Tech crowds, but this year the

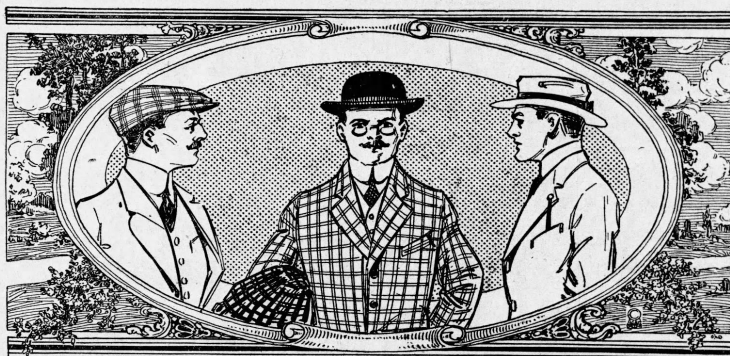

change was made because of the fact that Saturday's game will settle the southern championship and it thus becomes the most important of the season. For the collection Manager George is offering a fine play, "The Trail of the Lonesome Pine," in which Miss Isabelle Lowe is appearing with a capable company. During the intermission between

acts the boys will give their college yells, sing their college songs and visit as they please. They will be asked, and they always do, to keep quiet while the curtain is up. The night has become such an institution and the boys have behaved so thoroughly well that the joy right has become a regular institution which none would spoil.

Exhibition Games Arranged  
NEW YORK, Nov. 21.—A spring exhibition series between the New York American league and the Brooklyn National league baseball teams was arranged yesterday. The series is to consist of five games, on April 2, 3, 4, 8 and 11. All the games will be played at Ebbets' field in Brooklyn.

Marquard Refuses Fed Offers  
CHICAGO, Nov. 21.—A special dispatch from Milwaukee is authority for the statement that "Rube" Marquard, the New York National pitcher, had refused a berth in the Federal league, saying he expected no trouble in reaching terms with the Giants.

## POULTRY, PIGEONS AND LIVE STOCK

### Make Your Entry for the Show at Once

AT MIDNIGHT, November 21, the entries will be closed for the show, so no birds can be entered after that time. It is not yet too late, however, to get a premium list and entry sheet from Mr. Poole and be sure to get your entry mailed so as to show post mark not later than 12 o'clock Friday night. All entries received after this time will be returned.

There are but few people who realize what a task it is to send birds, shipping cards and make arrangements to have enough copies to care for as large a show as Atlanta has been putting on for the past two years. This is one great task and requires a lot of skill and work, and these matters absolutely straight.

This is one reason why the entries have to close at least ten days before the show opens. The exact number of copies have to be arranged, numbered and birds assigned in each class to give numbers in position. The copies for this show, 4,000, have already been shipped from Atlanta's Patent, Newark, N. J., and are on their way to Atlanta.

Mr. Harry E. Jennings, the superintendent who has so successfully handled the show for the past two years, has two competent assistants to help him with this work. He has a number of fanciers who have volunteered to lend a helping hand and do everything possible to get the show opened and in position as soon after arrival as can possibly be done. Last year the show opened on Monday morning, December 1, and everything was in readiness to receive and place the birds in their proper classes.
